

Suscol Intertribal Council is
very close to completing our Chiles-Pope Valley Dreams
If
550 Butterflies
Will donate \$1,000 each

We can build out Suskol house in four months
Adjusted Building permits for switch to Bamcore are nearly completed
together it can be done! For exact budget numbers please request copy.

YES!~YES!~YES!~YES!~YES!~YES!~ YES!~YES!~YES!~YES!~YES!

_____ I would like to be part of the 1,000 butterflies effort and donate \$1,000. I
will get a permanent name on the Interior walls of "Suskol House" Plus a
special golden donors dinner on site

_____ I would like to donate \$_____ to be a part of final efforts (Donors of \$500
or more will have a plaque and tree planted on property)

Please send a check payable to Suscol Intertribal Council
PO Box 5386, Napa, CA 94581
OR

Hand carry to Suscol Council office or nearest Suscol friend! Any and all donations
will be appreciated

Suscol Council is a 501 (c) 3, your contribution will be tax deductible.

Thank you from all of us at the Suscol Council

Suscol Intertribal Council has completed the design phase and is requesting
donations towards completion of this "first model." Suskol is combining
construction methodologies this will be the FIRST HOUSE that combines the
very essence of GREEN!

- 1] Bamcore: bamboo hollow walls that reduce the need for timber supports. Because Bamcore wall system provides studless hollow wall structure routing plumbing and electricity is a snap! Construction costs are greatly reduced and hollow walls keep heat in and cold out.
- Be a visionary donor be a part of this incredibly innovative project!
- With your support we can meet the Goal to RAISE \$550,000 to build out April 2016
